

## Hydraulic Lifter Care & Protect

**Reaction time**  
works during operation

**Application field**  
all petrol and diesel engines

**Consumption**  
300 ml for 5 l oil // 60 ml for 1 l

**Application interval**  
after every oil change or when required

**Application** Add to the warm engine oil after every oil change or when required. Works during operation. 300 ml sufficient to treat 5 L of engine oil. For larger volumes add 60 ml product per liter engine oil. Compatible with all mineral and synthetic engine oils. Attention: Check engine oil level before application! We recommend cleaning of the oil system with GAT Engine Flush before application.

**Description** GAT Hydraulic Lifter Care & Protect contains a high performance package of effective additives for improved high pressure properties as well as wear and tear protection of all types of engine oils.

**Benefits** Only a well-functioning engine can run on full power! Disturbing rattle sounds will be eliminated. Reduction of wear and tear due to optimized lubrication.

**PU** 24 x 300 ml

**Packing sizes** 300 ml // Art.nr. 62042  
1 L //  
5 L // other sizes available on request
